Re: Great Lakes Asphalt Site

Dear Sir or Madam:

We are in receipt of your letter dated September 4, 1991, concerning our responsibility in the clean up costs concerning the above listed site.

We do not feel any responsibility in this matter should be placed upon our firm. We are just concluding the on-going fiasco of Enviro-Chem clean-up costs, which were totally due to the lack of state and federal regulation of this site.

At this time, we are waiting on a collected sum of information by Shea & Gould of Washington, D.C., in order to evaluate the possibilities of actions to be taken in this matter. We were represented by this firm as a group with the Enviro-Chem situation.

We will advise you of our decision as soon as possible.

Sincerely:

Jamey L. Gaines
Vice President

JLG:jg
